

Dr. Alex Researcher

Academic Curriculum Vitae

name@institute.edu · scientifictex.com

Academic Profile

Astrophysicist specializing in time-domain astronomy, statistical inference, and multiwavelength observations. Experienced in collaborative projects, mentoring, and scientific software.

Appointments

Research Fellow

Institute for Advanced Science

2024–present

City, Country

Postdoctoral Scholar

University Research Center

2021–2024

City, Country

Education

Ph.D. in Astrophysics, University Name

2021

Dissertation: *Variability and structure in active galactic nuclei.*

Selected Publications

1. Researcher, A. et al. 2026, *Journal Name*, 123, 45.
2. Collaborator, B., Researcher, A. 2025, *Journal Name*, 98, 210.

Grants, Awards & Service

- Early Career Research Award, 2025.
- PI, Time-domain Science Initiative, 2024–2026.
- Referee for major journals; conference organizing committee member.

Skills

Python, LaTeX, Bayesian inference, HPC, observational planning, scientific communication.
