The question

Central problem

What physical mechanism explains the observed behavior?

- ▶ Why this question matters.
- ▶ What is currently uncertain.
- ▶ What new dataset or method resolves the gap.

Data and method

Dataset

- ▶ Sample or target definition
- ▶ Cadence / resolution
- ▶ Quality-control strategy

Analysis

- ▶ Model / estimator
- ▶ Validation
- ▶ Uncertainty propagation

Main result

Put the result first.

Then show the evidence that supports it.

Take-home messages

1. Result one.
2. Physical interpretation.
3. Next decisive test.
